

OFFICE OF CHARTER SCHOOLS

CSI/TSI and NCStar Training Session

To provide charter schools with timely and meaningful information regarding service, support, and expectations for schools identified as Comprehensive Support & Improvement (CSI) and Targeted Support & Improvement (TSI) schools, the divisions of Accountability Services and Federal Programs Monitoring and Support will be conducting training on **February 20, 2019 from 9:00am – 4:00pm at DPI in Raleigh.**

All charter schools are welcome and encouraged to attend, but **any charter school identified as a CSI or TSI school is required to attend.** It is imperative that those who oversee Federal Programs forward this invitation to any Grade Span Directors, Principals, Administrators or Head Masters, and Chief Academic Officers that have direct responsibility for serving and supporting CSI/TSI schools, so they may attend as well. We look forward to seeing each of you at this training. We will plan ample time for questions and will remain afterwards if necessary to make sure all questions are answered.

The deadline to register is Friday, February 1st.

Part I

CSI/TSI Support Training | 9:00am – 11:00am

Participants will learn about the requirements and responsibilities of schools designated as CSI/TSI schools. The Federal Programs and Accountability Services divisions will be on hand to provide schools with all the information they need to be successful, as well as answer any questions.

Part II

NCStar Training | 12:00pm – 4:00pm

Participants will learn about the online tool that almost 2,000 schools in North Carolina are utilizing to manage their school improvement process. This beginner training will discuss school improvement planning in North Carolina, using the NCStar tool, creating a plan, and navigating through the stages of continuous improvement.
